

# low carbon Swansea bay bae abertawe carbon isel

A network of public, private and voluntary organisations in South West Wales working together to reduce carbon emissions and energy costs

This innovative and successful network offers members a range of benefits including a great programme of training and networking events plus access to comprehensive web-based resources.

## Benefits of Low Carbon Swansea Bay

- lower your carbon emissions, save energy and reduce costs
- improve your efficiency, competitiveness and compliance
- receive high quality, accredited training on low carbon technology and innovation
- network and share best practice with like-minded professionals
- access the latest information on events, training, funding and resources
- explore opportunities to collaborate in partnership projects
- demonstrate corporate social responsibility and gain recognition for positive action
- contribute to a better and more sustainable future for our city region

## LCSB Training Programme 2016/17

The training programme comprises at least 4 events covering topics suggested by members. Each event includes opportunities for networking, knowledge sharing and case studies.

### May 2016: Carbon and Biodiversity

at the Down to Earth Project

### September 2016: Renewable Energy

at Morriston Hospital

### December 2016: Communicating Carbon

at Swansea University Bay Campus

### March 2017: Energy and Carbon Compliance

(venue to be confirmed)

Additional activities are also being developed.

Event sponsorship opportunities are available.

## How to Join Low Carbon Swansea Bay

Annual subscription to the LCSB network is **just £400** and provides access to at least 4 network and training events for up to 3 employees plus other network benefits. The LCSB training programme and other network benefits. Not-for-profit organisations and small businesses can apply for a reduced fee. Membership runs from April to March but those joining from January to March receive full membership for the following year.

If you are interested in being a part of this successful and forward-thinking network, email [lcs@environmentcentre.org.uk](mailto:lcs@environmentcentre.org.uk).

Low Carbon Swansea Bay is funded through membership subscriptions and sponsorship and is managed by its members with support from Swansea Environmental Forum.
